3.1 We teach the Path of Truth

{Pharah}

[19:69]

Today I will speak about an organisation.

The speakers from this organisation are, of course, not responsible for its final intention but they have been attracted by the magnet and have devoted themselves to the teachings that the majority of people value without understanding the intention they have for Man. This is their motto:

“There is no religion higher than the Truth”.

Of course, there is not. However, who whispered this beautiful phrase in the ears of Man?

I answer: The most ingenious Evil Spirit.

With this phrase, what does Man understand and what does he gain? Nothing. Despite this, he is as misled as a bird that has lost its direction.

Who from you knows God? Nobody. However, you all know that God is the Truth. Despite this, many men say that they know the Truth. How can they know the Truth when they do not know God? Therefore, when they maintain that they know the Truth they are saying an untruth since Truth is God Himself.

Where then can you find the Truth? Wherever God is.

“Then” one of you may ask, “why are You continually teaching us about the Truth?”

We, my beloved, teach you the Path of the Truth and not Truth itself. This is because Truth exists very far from any physical or metaphysical perception of a person. When you follow the Path of the Truth, this does not mean that you know the Truth. Nevertheless, you travel the direct path towards it within the framework of the Spiritual World and within Truth itself.

Therefore, all those who proclaim that through their wide knowledge they know the **apocrypha** of Physical Power, they say nothing more than stupidities, because these attract the human race.

apocrypha: hidden, mysterious, occult.

My friends, it is very easy for you to understand why I undertook to deliver this Teaching and for what reason. I am against the Dark Forces that entangled Man in the dark chambers of the spirit.

One of you may ask: “Teacher, what is this dark light that attracts us so much and with which we in our ignorance are deceived?”

I answer without wanting to offend any of you from The Theosophical Centres. The Lord Has abrogated these centres from the time that the Theosophist Helena (*Petrovna*) Blavatsky appeared, because they mislead the pure and clean spirit of Man. They support the further development of another power whose aim is to enslave all the nations of your world.

The writings of the above-mentioned

theosophist are a plot and attract only those who have lost their conscience and follow the path of darkness.

I do not offend the speakers of these **Lodges** because they have fallen into the darkness and will not emerge from it unless the Lord enlightens them appropriately. Their darkness will be harmful to them after their **life's Life**. At another time I will say why these types of institutions and associations were created.

Lodges e.g. occult Lodges.

life's Life i.e. when they have died

3.2 What is Truth?

{Pharah}

[22:18]

Great works require effort and toil. Sometimes a small task is greater than a large one. This you will verify for yourself.

When Man is greedy, he loses every spiritual value and becomes a predator of circumstances. Do not rush your decisions; wait calmly for a more tranquil moment so you can decide justly.

Justice is given from Love to the Truth. As you have seen for yourself, all Good Things are only radiations of Love. Love is the sun of Truth, and for this reason from Truth springs Justice.

What is Truth? It is the purified knowledge of correctness that is enlightened by Anarhon. When knowledge is not purified, Truth falters despite its correctness. You need to pay great attention in order to be able to distinguish and to judge. On exactly this

point, in the majority of cases, your justice errs.

Nobody today is worthy of his mission. Social vehicles traverse without steering and brakes. Transfer this image to real vehicles to get an idea of the disaster on your planet.

All these things need to be said so you can form a vague idea of the general situation. We know when and where to intervene, but you ignore the strength of Our intervention because you are unable to imagine what the abstract can do to the specific.

The **Lord** will say something:

The **Lord** interjected at this point during the séance.

“Whoever is enlightened, will follow Me. Those who want darkness will deserve the punishment that My Father will impose. The Light will surpass darkness. This is His Will, He Who governs everything. My Father and I bless **you**”.

you: refers to the medium (Pizanis)

The Lord with His appearance provided **you** with incorruptible powers. You will see, what they can do, and then you will be convinced. Give light to those in need, because the endless Source of the Lord continuously provides you with the Water of Truth.

3.3 Truth

{Aristotle}

[25:272]

John 18:38
“Pilate said to Him. “what is truth?”
And when he had said this, he went out again to the Jews, and said to them. “I find no fault in Him at all”

When the Lord did not answer the posed question “What is Truth?” you can appreciate how difficult it was for men to comprehend, not the surface meaning of the Truth, but its

essence. For this reason He kept quiet.

The meaning of Truth is the white, the pure and the super-brilliant Light of the Creator. As such, the whole Truth does not exist on your earthly world. It is the Truth, the Divine Knowledge of God Who, at small intervals provides a miniscule part of Truth's meaning to certain human souls who know and guard it carefully as the apple of their eye. As inhabitants of Earth, you give many interpretations to Truth. This is because each man perceives it according to his inclinations, and opinion derived from them.

Truth, together with Justice, is the highest virtue of the soul. At certain points, do not express the raw Truth, so that your fellow men do not construe it as an insult to their ethics and you do not become disappointed from the bad consequences of their dubious energies. Do not have the opinion that it is as easy to grasp Truth's meaning as is your penetration into the sensitiveness of the heart of your fellow men. The partial understanding of your aspired aim is only assisted by your perception and pure conviction of the muted word.

All ideas/thoughts have the corresponding opposites. They continually battle inside the human entities: Love against hatred, Good against bad, Truth against falsehood etc. As you can understand the opposite ideas travel together, interweave, and shape inextricable situations. It is up to Man with correct and enlightened judgement, to differentiate between the various energies and find whatever is the correct path for his salvation. In this situation, you ought to rely on your soul-strength with a

John 18:37

"Pilate therefore said to Him, "Are you a king then?" Jesus answered. "You say rightly that I am a king. For this cause I was born, and for this cause I have come into the world, that I should bear witness to the truth. Everyone who is of the truth hears My voice"

calm spirit to raise your soul towards the bright Star of the Lord so He can give you a helping hand to choose good deeds destroying all evil tendencies based on your ignorance.

Whoever suffers, learns a lot from experience and is able to conform towards the correct path. Usually, as it happens, the human spirit insists on the desires and earthly enjoyments that please. This way he becomes incorrigible and in this case, he will suffer the consequences of his bad actions.

Tendencies towards Love, Truth and Justice lead to the road of Virtue and minimise your spiritual burden to the delight and satisfaction of your human entity. Do not forget that the Truth has a blinding light; the good use of its intensity is adjusted by the correct and logical word.

The Truth should be spoken as happens with medical dosages (i.e. in a sufficient amount).

3.4 Logic - Truth

{Pharah}

[26:101]

All men who have advanced knowledge talk about logic and consider it to be the key to the Truth. They are deceived.

Logic as stated by brother Aristotle, has two meanings: The white logic and the dark one. Therefore, the word "Logic" does not encompass the Truth. Although the word "Truth" encompasses logic.

The same happens with the words Justice and Love. A just person does not always embrace Love. However, Love also includes Justice.

The **four words** I stated are very useful in your life when you are able to differentiate the meaning of the words that encompass the energies of Good and Evil.

four words: Justice , Love, Truth and Faith.

In the majority of cases you give great importance to logic. Because of the way an orator speaks, he convinces you without you examining the orator's direction, and where he is heading or what is the purpose of the orator. Very few from an audience who delve into the orator's meanings criticise him because they do not have confidence in his deceptive images. If these few from the audience spoke the language of Truth, nobody would believe them because Truth is a bitter medicine but it is also salvation.

Therefore, who from the audience would prefer the bitterness of the medicine rather than the sweetness of logic that with credibility has convinced all that it is the medicine for their soul?

I gave you these images to advise you spiritually not to travel so much along the path of logical words because when the logic is black their aim is retrograde.

There are judges who are just with their decisions but who have no trace of Love. Do you, in this circumstance prefer Justice rather than Love? I do not say which is your preference. Nevertheless, learn that the Love of the judge towards Man is the true Justice.

This is because he does not only give Justice to whoever needs a just verdict but he also gives direction through his Love for Man.

Maybe some of you will say that these four words have degrees. I disagree because Truth and Love together with Faith constitute the Light of the Lord. In addition, you will say: what about logic and Justice? These exist within the three above-mentioned words of Love, Truth and Faith.

You men give many variations (shades) to the meaning of Love without you perceiving what it really means. It means, in one word - God.

3.5 Truth and falsehood

{Pharah}

[17:239]

My beloved brethren, concentrate. Open your **inner eye** and try to distinguish Truth from falsehood. Your innermost interests become the obstacles in differentiating the two images: the genuine and the fake. If you are of the opinion that you are not lacking the qualities necessary to enable you to make the distinction, you are deceived. Without effort, you do not gain any acquired ability.

inner eye: third eye= hidden eye.

In your period of today that belongs to the diabolical development of evil situations, those who have a pure spirit and light conscience believe in the enlightened and pure Logos without unnecessary discussions. Nevertheless, there are those who deny Faith with the excuse that they are researchers seeking tangible evidence from the Divine

Authority. If verbally or tangibly, they are given what they requested, are they in a position to say from where they have received the evidence, since they are unable to differentiate the Truth from a lie? In this situation, irresponsible spirits mock them and they will pay dearly for being gullible. Such phenomena have happened at the expense of some.

How many times, in your courts, after very detailed examinations, have the judges erred, based on fictitious documents and false witnesses wronged the innocent? The error, being discovered very late, blackens the authority and reliability of human justice.

Since you know that falsehood is easier to believe, why do you praise it and turn away from the Truth? This action is an oxymoron. Therefore, you consider your lack of Faith to be research to obtain evidence.

He who is incredulous believes falsely and his inner eye does not function since he himself is attached to matter. He is an unbeliever using his doubts as an excuse and, if he follows his religion, he mocks it without displaying his true thoughts. The incredulous researcher seeks immediate proof so he can pretend he believes. Even if proof is given, he is not satisfied because you cannot convince such a person.

Blessed are all who believe in the white Divine Logos of Heaven; they will gain the Lord's favour. But not those who listen to the false words of the Devil with satisfaction. When a person has not gone through the hammer and anvil of life, he is unable to perceive his retrograde path and considers himself a spirit

able to achieve great accomplishments without offering anything specific to his fellow man.

The superficial believers have as a base a material foundation and they ignore the dynamic energy of the abstract idea that permeates the Universe. As for prayer, they maintain it out of habit without entering into its meaning and assimilating it as an active thread to God. Therefore, out of imprudence they lack a penetrating spirit. They have a stubborn character and trivial soul-strength. Whatever pleases them - even at the expense of others - they consider to be correct.

Whoever are deaf to the responsibilities and orders of the sacred Logos, despite their apparent brilliance, are useless in delivering beneficial deeds.

3.6 The Truth is one

{Plato}
[18:121]

As men with a confined operating field, you are not able to enter the fields of extraterrestrial worlds. You require special enlightenment to be able to perceive everything that seems unsolvable.

There is no problem in the Spiritual World. Even philosophy has its problems in that if you solve them, then they will cease to exist. In addition, because the problems of **philosophy** are infinite for you mortals, philosophy becomes a problem itself for your spirit since each philosopher has his own way of thinking and no one philosopher agrees with another.

philosophy: the systematic analysis and critical examination of fundamental problems such as the nature of reality, mind, beliefs, viewpoint, thinking, values, attitude, idea, way of life etc.

This means that you are deceived.

Only Truth has the meaning of correct and logical Logos that stems from Heaven. However, who knows this when he does not have direct contact with the Divine? Therefore ask for the relativity so you can be within the correct path in order to acquire the knowledge of a researcher.

3.7 The pure Logos

{Immanuel Kant}

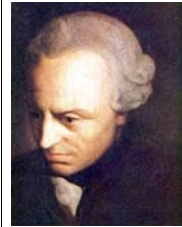

[19:176]

I have spoken many times, my brethren about the pure Logos. However, there is confusion in the spirit of men.

There are many who are inspired by a certain wisdom to understand me. Let us say this wisdom is a poisonous word. Because they agree with it, they transmit this wisdom as Divine without examination and judgement. Those who have such petty souls consider these words clean and unreservedly teach the way of judging to their students.

The Spiritual World does not tolerate them; for this reason It enlightens you and specifies how the theories of wise men that have destroyed humanity should be examined.

If a word, such as "Truth" is interpreted by ten such wise men, none of the interpretations will agree with each other. No one has found it possible to know what the meaning of "Truth" is. Despite this, they all talk about it as if they had deep knowledge of its essence.

{Wikipedia}

Immanuel Kant (1724–1804) was an 18th-century German philosopher. He is regarded as one of the most influential thinkers of modern Europe and of the late Enlightenment. Pursuing metaphysics involves asking questions about the ultimate nature of reality. Kant suggested that metaphysics can be reformed through epistemology. He suggested that by understanding the sources and limits of human knowledge we can ask fruitful metaphysical questions. He asked if an object can be known to have certain properties prior to the experience of that object. He concluded that all objects about which the mind can think must conform to its manner of thought. Therefore if the mind can think only in terms of causality – which he concluded that it does – then we can know prior to experiencing them that all objects we experience must either be a cause or an effect. However, it follows from this that it is possible that there are objects of such nature which the mind cannot think, and so the principle of causality, for instance, cannot be applied outside of experience: hence we cannot know, for

Only the Lord knows The Truth's essence, my brethren. For you to be within its essence you ought to follow the path of rectitude, of Love towards your neighbour and be respectful towards the Lord and your Creator.

The path towards Truth is without end. Following it, you travel towards God, towards Truth, towards the Faceless Love for the benefit of your entity and that of your students, if you have any.

The Logos when pure attracts the heart and pushes the spirit until the spirit is devoted to the heart; and then the entity rises towards the path of Truth.

It is a big mistake for Man not to be able to differentiate White from black, Good from bad, Truth from falsehood, the pure Logos from the unclean which comes from the Devil and is attractive and has unimaginable ingenuity.

3.8 Heavenly discussion about Truth

{Immanuel Kant, Pharah, Socrates, Confucius}

[19:131]

Immanuel Kant: I come to give you a short conversation between the **Stars of the Lord** about Truth.

Nobody in your world until now has understood what Truth is. Every man, as a different world (person), perceives it according to his natural and spiritual training. This is not sufficient for the correct portrayal of the Pure Logos of Truth.

example, whether the world always existed or if it had a cause. And so the grand questions of speculative metaphysics cannot be answered by the human mind, but the sciences are firmly grounded in laws of the mind. Kant continues to be a major influence on philosophy, influencing both analytic and continental philosophy.

Stars of the Lord are: Entities who have reached the highest degree of evolution and are in a state of nirvana or Theosis and are the closest Collaborators of the Lord. They are:
The spirit of the Lord: **Holy Spirit** or Lord Pharah,
The eyes of the Lord: **Confucius** and **Socrates**,
The Heart of the Lord: **St John**,
The power of the Lord: **St George**.

Pontius Pilate: was the Prefect of Judaea and the judge at Jesus' trial and the man who authorised his crucifixion.

When **Pontius Pilate** asked the Lord “What is Truth?” the Lord did not reply. Not because He did not know what He should reply but by Divine reckoning He perceived that those around Him would not be able to perceive the supreme value of Truth. It was superfluous to tell them “what it is” since darkness occupied their spirits. The **Spirit of Truth** about 12 years ago gave **you** not the definition but the correct answer about Truth. He is going to repeat it today because this phrase needs to be studied and examined in depth.

Spirit of Truth= Holy Spirit; Pharah.

you = Spiritualist Society of Athens (Greece).

Pharah: As I said, dear Heavenly Colleagues (NB: He discusses with other Heavenly Leaders) I have given the meaning of Truth for the **first time** to the mortals on Earth. Since Truth is Anarhon Himself how can We describe it, since You all know that God cannot be analysed nor is it possible to describe Him as a “Faceless Face”.

first time:16 December 1971

Therefore, I said to our earthly brothers: “Truth is the purified knowledge of correctness that is enlightened by Anarhon. When knowledge is not purified, despite its correctness, Truth falters”.

Socrates: Correct, your explanation is very correct. However, how is it possible for Man to understand its depth when he does not have the necessary Divine Light to verify its correctness?

The Truth, Brother Pharah is when it is said by a person with Divine Enlightenment. He recites the sound of the Divine Voice of Anarhon without perceiving how this blessing was given. However, how do their other brothers perceive

Truth? This depends on their earthly knowledge, wishes, interests etc so they alter the Voice of Correctness and represent Truth in such a way as human **imagination** can capture it.

Confucius: I am of the opinion, my Brethren, that despite everything You have transmitted to Man, so he can understand Truth, it is futile. Since they do not see God and never perceive Him, how is it possible for them to comprehend what Truth is? Nevertheless, those men who truly apply Love towards their neighbour, they are expressing the Word of Truth without knowing it.

Pharah: Then my dear Brethren, I would prefer that You seed Love in men's spirit, without mentioning Truth. Because from Love springs Truth and Justice. Even though Love is construed as a temporary means, you explain that this is not Love but passion or self-interest and you lead your brothers to understand that Love is as High as the Faceless Face of the Lord.

Socrates: This is what We are thinking of doing since men misinterpreted the deep meaning of Christ's Love towards their brothers on Earth. It is therefore necessary in Our new speeches to develop a new path for the enlightening of Our earthly brethren and for their enlightenment towards their brothers.

If a trace of Love existed on Earth then automatically destructive wars, violence, the enrichment of the unscrupulous and many other evils, all stemming from the Evil Spirit, automatically would not exist. I believe that We

all agree.

Immanuel Kant: This section that I have transmitted, I received from the **Book of Heaven**. It is the first part. The second part is confidential and I am not able to transmit it without the Lord's permission. It is possible that this permission will be granted whereupon I will be glad to be able to enlighten You on other points.

Book of Heaven: Akashic Record.

3.9 Speak the Truth so you can have it as your guide

{Socrates}

[4:218]

Brethren, to speak the Truth and to have it as your guide is the command of Heaven. To speak the Truth and not be guided by it, is the command of matter in the guise of an angel. To not proclaim the Truth and to align yourself with falsehood is then clear evidence that you are drawn towards the dark Spirit.

Psalm 15:2

Lord, who may dwell on Your holy Hill?

*He who walks uprightly,
and works righteously,
and speaks the truth in his heart;*

You, Man, whoever you are and whatever you profess, must sharpen your perception, so that you can see the pure and white light of knowledge, from which you can draw strength. Then speak the Truth, as the message of Heaven to Man.

Truth enlightens, and its light purifies and the purification in the case of Man becomes energy for good and noble works. Then the human entity acquires value through the Lord's teaching.

It is not as easy as Man may think for him to

enter from Darkness into the Light unless he has previously compared the two concepts – of Darkness & Light – so that he can perceive which of the two operates from a basis of Love.

When Man's perception accepts the light as a ray of the Divine, then he holds Truth inside him, but does not dare to proclaim it, being afraid that the darkness may involve him in a confession contrary to his ideology. This means that he prefers the Truth but does not want to lose the benefits of darkness from unjustified fear. This fear imprisons the Truth inside him, without him being able to communicate its brilliant light to all those that need to acquire it.

Man, if you have a weak soul-strength, cultivate your Faith, so that, with your courage, you can strengthen your soul-strength. Then daring and free, you can announce the prelude of dawn, as the awakening call of conscience.

When Truth becomes established as a manner of living in an entity, then ether automatically clears the clouds of lies and the rays of the Spiritual Sun will dissolve their connections so that the Truth of the misunderstood Love will shine on the foundation of Pure Knowledge.

Speak the Truth of Heaven and be assured that this Truth will be your guide and protector. On Earth, Truth is adulterated and lacks the qualifications of a guide. In the conflict between adulterated truth and lies you can be sure that in the majority of cases lies will be heard.

The Heavenly Truth is pure, strong and as

Romans 1:18

For the wrath of God is revealed from heaven against all ungodliness and unrighteousness of men, who suppress the truth in unrighteousness.

Ephesians 4:15

but, speaking the truth in love, may grow up in all things into Him who is the head – Christ -;

unadulterated as the crystal Source of the knowledge of the Light. Those of you, who are engulf it, proclaim it without fear and delay. Truth will save, direct and place entities in their appropriate places. Proclaim everything that is being sent with sacred purpose and destination to enlighten the abysmal darkness of Man's mind.

Proclaim the Truth as the sun revives nature. Proclaim its cohesion, as music scatters its sweet sounds to the ears of men. Proclaim the preaching of Truth, because it desires to give Peace to those longing for true Love.

Truth, as a Star of great size, takes on the task of advisor, so that the Divine Powers can work to construct the Mansion of Peace, from which the eternal Love of the Lord will emerge triumphantly, with the crown of glory on its head.

3.10 The two sides of truth

{Socrates}

[17:224]

Once during my earthly life one of my students asked me if the Truth should be spoken **raw** or **covered** and I answered.

raw = directly, naked.

covered = *indirectly*

If you have a clear conscience, you have to say it as it is. However, if you have not consciously understood what is the meaning of Truth it is then preferable to speak it indirectly.

The Truth has a blinding light and for this reason you have to be careful where you speak it. In the case of the indirect Truth, you say it

as a fable and it becomes acceptable to your audience, with reservations. The Light of Truth is so strong that it can blind the brains of those who do not have a clear conscience and they fall into spiritual inactivity or more commonly become disturbed and change Truth's meaning at the expense of the many.

As Aesop did using myth.

Jesus spoke in parables.

Oh Socrates, asked the student again, you who knows human nature so well, why do you not teach it indirectly so your audience is not led astray and instead of doing the right thing does wrong?

Because my friend, I repeat, I teach for the new generations whose knowledge will have a sharp understanding so that they can correct their mistakes without harming their fellow men and become examples to others.

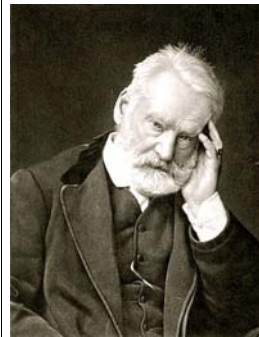

3.11 Truth has no faults

{Victor Hugo}

[22:130]

Truth appears naked, that is, it is what it is. It does not hide its bodily faults or its spiritual ones. When it appears naked, as I said, this means it has no faults.

Its bodily beauty creates envy amongst many. For this reason they hate it. However, as you know, beauty in both spirit and soul will, in time, gain the votes of all in favour of the superb beauty that is called Truth.

Victor Hugo, (1802-1885) probably the most important novelist, dramatist and poet of France. His best works include the Hunchback of Notre Dame and Les Miserables.

3.12 Knowledge and Truth

{Petrula}

[17:238]

I see, **Koste**, that you have decided to receive some other images, thus enriching your knowledge of Astronomy.

Nothing is harmful, when someone develops his spirit in many different ways. All knowledge together constitutes the “Super-knowledge” that is called Truth. We have been taught this **Here** but it is not easy for you men to analyse it unless you first become interested from what spiritual powers Truth comprises. This, of course, I will not be able to explain to you. Only the Leader of Enlightenment is able to tell you what is the foundation of Truth and which powers form the foundation.

Symbolically do not forget that Saint Peter placed the first stone of the Church that was named after him in Rome. As a humble servant of the Lord instead of a stone, I will place one word on top of another to increase your knowledge.

You, my dear Koste, do not worry about yourself. You know what I am saying. If not, I will be very sad. When Man has a patient character and has nothing else to do, he should meditate for at least half an hour. The way of meditation will seem difficult for you, because you have not tried to meditate before. However, when you reach a certain point with exercises, from then on it becomes easier and you will have direct enlightenment and direction for the path of your life. Most people say, “Yes, you are correct” and afterwards they all

Koste: is the earthly husband of Petrula. Both were members of the Spiritual Society of Athens (Greece). After her death she appeared in a number of séances and advised the members.

Here: in Heaven.

become indifferent. If you remind them they say, "Do not worry". With this phrase, the spirit is not developed and the soul-strength is retarded. We women have weaker soul strength.

3.13 The Heavenly Truth

{Pharah}

[19:210]

My dear brethren, do not give up based on the whispers of Evil who is trying by every means to make the unity of the **association** difficult. Be brave, sincere, men with understanding, with soul-strength and determination. This struggle is harsh but is a saviour for all humanity.

association : He means The Spiritual Society of Athens (Greece).

You should not pay attention to the isolated criticism of foolish and envious men who want to be called spiritualists. Instead of assisting the Work, they try to find reasons to denigrate it. However, they do not know that they are trying to denigrate The Holy Spirit itself.

You know that this denigration has caused Anarhon's fearful decision to humble them. Who, then, is going to give them a helping hand even if they make the sign of the Cross and pray to the Lord?

This is an example of energies that will not receive a response from Our Authority to their supplications.

You have not harmed anybody and you have tried to help even the lost ones who, due to their poor understanding and their egoism,

operate as poisonous snakes. Nevertheless, they will sample their own poison. They should not say “Why is the Lord unjustly tormenting us, who have through spiritualism, functioned for the good and pure?”

The Lord punishes no one without a reason. It is not sufficient for them to speak about Faith, Love and Justice. They ought to prove their practical application, otherwise it is superfluous to show what they are not and to mock all at the expense of this very Communication.

The lack of progress of the faithful at spiritualist centres is unprecedented. They have not developed spiritually, because they ignore everything and treat the communication as an ephemeral amusement and temporary comfort with total indifference towards their development.

We are sorry for them, but this is the Truth of Heaven. It is to point out the vulnerable points of men who lead groups from Light to Darkness.

3.14 The Darkness will be dispersed by the Light of Truth

{Plutarch}

[18:187]

My Brethren, everything that the Divine World has already stated about clergy, dogmas, systems, and other traps for Man who does not have the least knowledge of Divine Light, is correct. You will see in which spiritual situation they will find themselves. Already the Daemon of Evil directs them to the abyss. The Light of

Truth will disperse the darkness which has covered humanity today. That is, the first rays of Justice and Love will push away hatred and injustice from humanity.

Nations that want to enslave the whole world will suffer a great defeat and all will wonder how the mighty forces have reached the point of collapse as though they are paper towers. Therefore, the powerful should not boast that they have the weapons, as these will be converted into lightning against them.

I am not saying that the situation will change from one moment to another but it will change at a faster pace than expected. Be careful about your expressions and your views, be attentive towards only Us and the wretched image of the world will take a different turn so that you can see the other side of the image.

I will deliver further sociological talks either as Plutarch or Saint Basil.

3.15 The Truth is not of this World

{Pharah}

[18:158]

My dear brethren, when you come to the Temple of the Spiritual World it is good to forget all your thoughts and await the Teaching of the Spiritual World, because any aimless discussion delays the Heavenly Teaching. If you know everything then there is no need for you to come and follow the Heavenly Light.

By a simple Word, the Spiritual World moves everything. As material people, you are

unable to move even the smallest mountain.

Who amongst your scientists thinks he is a higher spirit? Let him confront the Spiritual World with the power of his word and We will give him the appropriate answer not only for mathematics but also for other sciences and professions.

Respect towards Our Authority needs to be exemplary. Why, you may ask. It is because you do not know the Truth.

Whoever tries to find Truth, through Divinity, he walks towards Truth, but does not possess it. Truth is not of this world. When you speak the Truth, this is a parody of the Truth. Despite this, it assists you to find the road towards it, so if you knew Truth in its essence then you would not have the need to know God.

On this point, the great teachers from India, called gurus, have made a mistake. They had the impression that when they reached the highest point of Knowledge, when they leave Earth, they would have the ability to be united with Divinity, that is, with God. In this case, there would not be any personalities. Recent teachers from India have tried to correct this mistake.

Nobody can assimilate with the Almighty Power of Anarhon. What is going to happen in the future is not of interest now, unless you have acquired Divine Light through which you can foresee everything that is going to happen and be said.

It is a problem for Man to try through his

intelligence to find a method of communicating with the unknown. The best instrument for this is only Man.

If Man is able, using the various elements of nature to create “Man”, then he is able to say that he is a “Super-man”, but I see that instead of Man progressing he becomes worse than he was. In other words, you are going backwards until you reach the Evil Side. Moreover, even in this situation he does not know that the Lord has placed limits and overturns Man’s desires.

Unfortunately, it is very difficult for the human spirit to understand the word “God”.

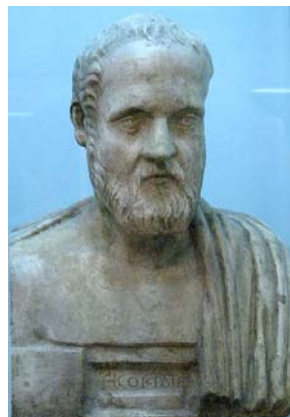

3.16 The way to research the Truth

{Isocrates}

[6:83]

I have suppressed hypocrisy as the enemy of humanity. I preached that injustice and hatred are weapons of Evil. I criticized all those who through their words wanted to prove there is no difference between Good and Evil. Because through evil knowledge Man is able to enslave his brethren, so he can then appear as their saviour taking advantage of their weaknesses. This way virtue is overshadowed to the irreparable detriment of your world.

Unfortunately, there were philosophers who have supported the evil side of the word and have blackened philosophy. Philosophy does not aim to direct anyone towards which path Man needs to take. However, by which method and how to research the Truth and examine if Truth correctly responds to the

Isocrates (436-338) [not to be confused with Socrates] was one of the most influential ancient Greek rhetorician and made many contributions to rhetoric and education. Isocrates' professional career is said to have begun as a logographer, or a hired courtroom speechwriter. Around 392 BC he set up his own school of rhetoric, and proved to be not only an influential teacher, but a shrewd businessman. His fees were unusually high, but he managed to attract more students

questioning by the conscience as did the great researcher of the soul, Socrates, this is the aim of philosophy.

Throughout his life Aristotle perceived the logic that he used but he did not pay much attention to the Heavenly Authority. He perceived that everything was dependent on one and only one Power. However, not being able to define this Power and not paying much attention to the symbolism of the ancient gods he made mistakes that he was able to verify only whilst in Heaven. The experts can apply his logic today with a perception that they receive from Heaven and not make the same mistakes, as did this great Man.

In the **Eleusinian** mysteries, there were special men who knew much more than many wise men of the period. However, because of the vanity of Man on Earth and the prevailing religious authority, they did not wish to be entangled in an impasse. They preached from all aspects the correct and White Knowledge. Some of them were able to teach in other jurisdictions the existence of the Divine Authority and its relationship with the soul. However, because they did not have the facility of the press, their works remained unknown and the enemies of good Faith and humanity have destroyed most of them. I state this to enlighten you that even in those days there were excellent souls for the preservation of humanity.

than any other school. As a consequence, he amassed a considerable fortune.

"If you are out to describe the Truth, leave elegance to the tailor" Albert Einstein.

***Eleusinian Mysteries** (ēlysīn`ēōn), principal religious mysteries of ancient Greece. The mysteries may have originated as part of an early agrarian festival peculiar to certain families in Eleusis. The Athenians later (c.600 B.C.) took over the ceremonies. Because the mysteries were secret, little is known of them. Presumably fasting and ritual purification in the sea took place before the large procession from Athens to Eleusis. The rites, which fundamentally celebrated the abduction and return of Persephone, symbolized the annual cycle of death and rebirth in nature as well as the immortality of the soul. It was believed that they had originally been instituted in Eleusis by Persephone's mother, Demeter. Dionysus was also much honored. The festival at Eleusis, known as the Greater Mysteries, was celebrated in the early fall, at sowing time. Another festival, the Lesser Mysteries, was held in the early spring at Agrae.*

3.17 Hope

Aristotle

{17-95}

My brethren, Man lives with hope. Hope verifies or not his dreams by always restraining his every step, through his spirit.

Hope is the lever that restrains the human entity. Now let me make a small analysis of hope.

Hope is the optimistic dynamic energy of your inner world, combined with the persistent image of your expectation. If the reflection of your soul actively participates in this mixture, as well, then the image of your expectation takes flesh and bones. This way the image of your dream becomes reality in the earthly life.

Many times, it happens, the dreams that your hope has created are futile. In this case, never expect their materialisation because they have exceeded the measure. If you achieve gain by the means that are presented to you, be very careful because the damage will be three fold. The how and what are for Us and not for you to explain.

This section on hope is immense and We are giving you only parts of the whole. This will be transmitted by one of the Stars of the Lord. I know that you will protest that such are very useful but are not transmitted. I do not know if the Star that I have talked of will want to transmit His work. He considers you uneducated because you do not enter into the deeper meanings of Heaven even with our indirect facilitations to push you towards the spiritual

advancement of Our Kingdom.

Only Above are you able to receive the Light of Knowledge, because on Earth you only receive the light of darkness.

You are wondering: does darkness have light?

Of course my beloved. It is the Word. And when this is dark, then dark will be your knowledge. The Heavenly Word is white, sincere, enlivens the soul and directs the spirit so it can take the correct position in the confusion of life.

If you have not perceived what I have said I'll be very sad because you will not easily see the Dove of Light as a Heavenly Sun to guide you towards the great Lighthouse of Justice, of Brotherhood and Love, not with the meaning that you have torn to shreds but with the meaning that Heaven has given you.

**Jesus Christ in Gnostic Gospels:
Pistis Sophia:**

“Souls are poured from one into another of different kinds of bodies of the world.”

Josephus:

“All pure and holy spirits live on in heavenly places, and in course of time they are again sent down to inhabit righteous bodies.”

Voltaire:

“It is not more surprising to be born twice than once; everything in nature is resurrection.”

Mahatma Gandhi:

“I cannot think of permanent enmity between man and man, and believing as I do in the theory of reincarnation, I live in the hope that if not in this birth, in some other birth I shall be able to hug all of humanity in friendly embrace.”

Socrates:

“I am confident that there truly is such a thing as living again, that the living spring from the dead, and that the souls of the dead are in existence.”

George Harrison:

Friends are all souls that we've known in other lives. We're drawn to each other. Even if I have only known them a day, it doesn't matter. I'm not going to wait till I have known them for two years, because anyway, we must have met somewhere before, you know.”
